Inspired by the sun – sol.
Driven by design – puri.

solpuri combines the vital energy of the sun with the clarity of excellent design. For solpuri, spending time outside in the here and now, means transcending the usual standards and creating a better quality of life with our unique designs.

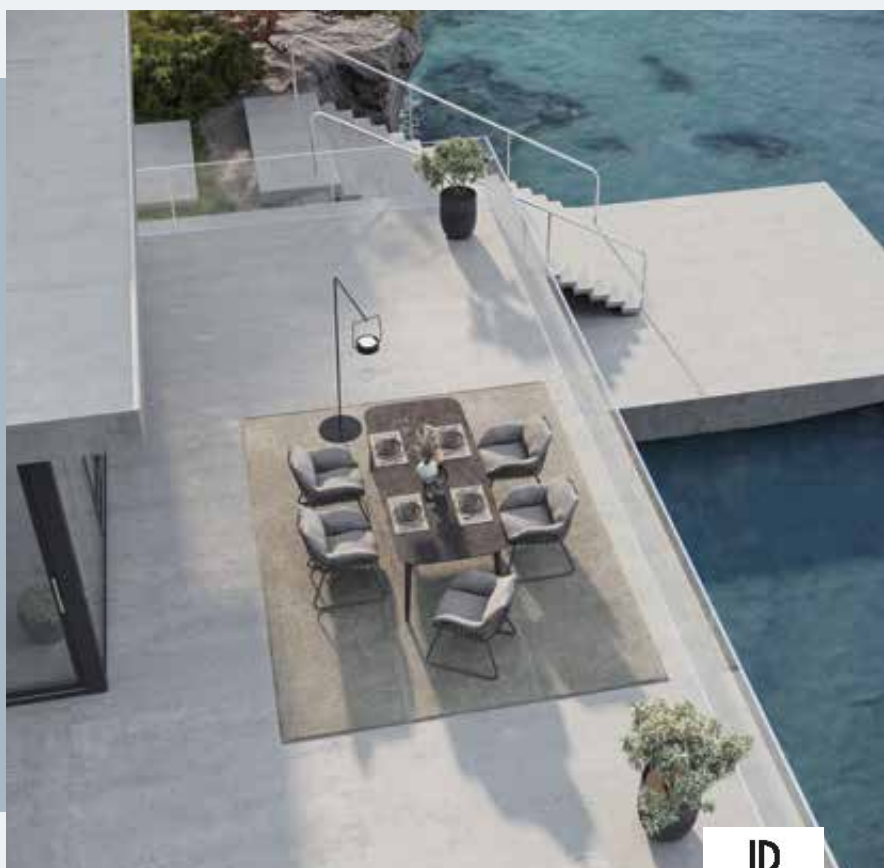

INSPIRATION

Inspiriert von der Sonne – sol.
Begeistert von Design – puri.

solpuri verbindet die Lebensenergie der Sonne
mit der Klarheit gelungener Gestaltung.
Draußen zu verweilen, outdoor im Hier und Jetzt
zu sein, das bedeutet für solpuri, jenseits
üblicher Standards neue Impulse
für Lebensqualität und einzigartiges
Design zu setzen.

Ein gemütliches Frühstück,
ein entspanntes Sonnenbad oder
ein lauer Sommerabend mit Freunden

**solpuri schafft Lieblingsplätze
unter freiem Himmel.**

Der Balkon, die Terrasse oder
der eigene Garten sind mehr denn je
zu wichtigen Plätzen von gemeinsamen
Momenten oder kurzen Alltagsauszeiten geworden.

Jeder sucht seinen Lieblingsplatz
– im Schatten oder in der Sonne –
um kostbare Stunden draußen zu genießen.

A leisurely breakfast, lazily sunbathing in the afternoon
or a balmy summer evening with friends

solpuri creates favourite places under the open sky.

The balcony, the terrace or garden have more
than ever become important places for shared moments
or short everyday timeouts.

Everyone is looking for a favourite place
– in the shade or in the sun –
to enjoy the precious time outside.

LIVING

„Freude an Design
ist Freude am Leben.
Diese Prämisse des
Gestaltens prägt auf
unvergleichliche Weise
unsere Entwürfe.“

“Joy of design is joy of living.
This design premise uniquely
characterises all of our designs.”

Christof Schulte

High responsibility for the environment

When designing and developing our furniture,
we consider the careful treatment of our resources.

All our materials are low-pollutant and recyclable.

All our wooden components are fairly traded,
and our suppliers are certified by the German TÜV.

The timber is grown naturally and processed without chemicals.

Hohe Verantwortung für die Umwelt

Bei der Konzeption und Entwicklung unserer Möbel
legen wir größten Wert auf einen schonenden Umgang

mit unseren Ressourcen. Alle unsere verwendeten

Materialien sind schadstoffarm und recyclebar.

Die von uns verarbeiteten Holzkomponenten werden

fair gehandelt, und unsere Lieferanten sind

dafür vom Deutschen TÜV zertifiziert.

Das Holz ist natürlich gewachsen und frei von

Chemikalien verarbeitet worden.

QUALITY

"solpuri stands for extremely high-quality materials, the sustainable use of resources and advanced manufacturing technology in the interests of unique processing."

„solpuri steht für hochwertigste Materialien, den nachhaltigen Umgang mit Ressourcen und modernste Fertigungstechnik zugunsten einzigartiger Verarbeitung.“

Florian Mesch

Uncompromisingly high-quality metalwork

For our stainless steel and aluminium collections, we only use the highest quality alloys which guarantee high stability and a long life. Through the use of complex castings and thick-walled construction elements, precisely processed frame constructions are created using state-of-the-art production technologies.

A final finish by hand gives every piece of furniture the finishing touch.

Kompromisslos hochwertige Metallverarbeitung

Für unsere Edelstahl- und Aluminium-Kollektionen verwenden wir ausschließlich hochwertigste Legierungen, die eine hohe Stabilität und lange Lebensdauer garantieren. Durch den Einsatz von komplexen Gussteilen und dickwandigen Konstruktionselementen entstehen unter Anwendung modernster Fertigungstechnologien präzise verarbeitete Rahmenkonstruktionen. Ein abschließendes Hand-Finishing verleiht jedem Möbel seinen letzten Schliff.

Design is the art

of combining beauty and functionality with the highest levels of comfort. We work with renowned designers to create timeless, minimalist furniture for those beautiful moments outdoors – a modern interpretation of legendary Bauhaus design, committed to the highest level of seating comfort.

Design ist die Kunst,

Schönheit und Funktionalität mit höchstem Komfort zu vereinen. In Zusammenarbeit mit renommierten Designern schaffen wir zeitlos puristische Möbel für die schönen Momente unter freiem Himmel – als moderne Interpretation legendären Bauhausdesigns und als Bekenntnis zu höchstem Sitzkomfort.

Jeder Blocc Teak-Kubus ist ein Unikat mit natürlicher Maserung. Da es sich bei BLOCC um ein Vollholzprodukt handelt, entstehen charakteristische Trocknungsrisse, die keinerlei Auswirkung auf die Haltbarkeit des Holzes haben.

Each Blocc Teak Cube is unique with a natural grain. Since BLOCC is a solid wood product, characteristic drying cracks can occur which do not affect the durability of the wood.

Für die farbliche Beschichtung der Oberflächen wird ein Pulver verwendet, mit dem ein Höchstmaß an Schlag- und Kratzresistenz erzielt wird. Unverwechselbar ist die samtig, matte Oberfläche, die dem Aluminium-Möbel seine edle Optik und angenehme Haptik verleiht.

The solpuri aluminium collection is made using high-quality aluminium alloys which are distinguished by their strength and hardness. For the coloured coating of the surfaces a powder is used which provides high resistance to impact and scratching. Teak ist ein dichtes Hartholz mit größter Widerstandsfähigkeit gegenüber Witterungseinflüssen sowie Insekten. Für die solpuri-Teak-Möbel wird ausschließlich bestes Teak-Holz der Güteklasse A verwendet. Alle Holzkomponenten werden handverlesen und nach Farbe sowie Maserung sortiert. Die Oberflächen werden mit getrockneten Bananenblättern von Hand poliert und erhalten so ihren edlen Glanz.

Teak is a dense hardwood with highest resistance against weather conditions as well as insects. The solpuri teak-wood furniture is only made of the highest quality, grade A teak wood. All wood components are handpicked and sorted by colour and grain. The surface is hand polished with dried banana leaves which gives the teak its precious shine.
