FANO

The Fano lounge set is the perfect solution for the laziest of moments. The seats are low and the cushions soft so you can sink into your chair for the ultimate relaxation. The aluminium framework is available in a mat charcoal or mat white. The Sunbrella and exterior cushions are filled with Ezydry materials for the perfect all-weather resistance. Thanks to the teak or ceramic inlays in both corners and side table, Fano proves that laziness and class can go side by side.

A woman with long blonde hair, wearing a white long-sleeved top and a light blue skirt, is sitting on a modern outdoor sofa. The sofa is part of the Fortuna Rope Outdoor set, featuring a white frame with vertical slats and light blue cushions. In front of her is a round white coffee table with two glasses of orange juice and a magazine. The setting is a modern garden with white walls, large potted plants, and a palm tree. The scene is lit with warm, ambient lighting, suggesting dusk or dawn.

FORTUNA rope

The Fortuna Rope Outdoor set is specifically designed for perfectionist loungers who consider comfort a must. Together, the round shapes and Italian rope create a sophisticated appearance, while the Sunbrella weather protection continually keeps the seats in perfect shape.

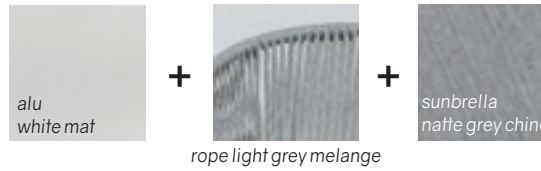

Cushions in sooty are optional.

SKATE

Designer Mathias Deferm is the most qualified to describe his SKATE collection: "I was on a quest for the ultimate seating shape, that leaves the lounge unaware of its frame. The skateboard-inspired round and curled-up sides create grace and exceptional comfort. I added an elegant and stackable frame to support the seat and back, which is available in aluminium. Every material is easily separated and recycled after use. Stacked, the chairs take up less space, to reduce the ecological impact during transportation."

VIGO XL

With Vigo XL, we created a lounge set that reverts back to our basic necessities. The simple but sturdy aluminium framework is available in mat charcoal or mat white. Through the stylish linework in the cushions, Vigo XL plays with the balance between classic and modern. It goes without saying that the cushions are Sunbrella and Exteria fabric, and filled with Ezydry materials, so that sun nor rain will influence your comfort. Its appearance is youthful and minimalistic, but luxury cushions provide Vigo with the comfort of a lounge sofa. Its appearance is youthful and minimalistic, but luxury and extra deep cushions provide Vigo XL with the comfort of a high-end lounge sofa.

aluminium

Aluminium garden furniture by Jati & Kebon is light, robust and corrosion-resistant. It is made with high-quality materials and cutting-edge technologies. Aluminium furniture is often combined with other materials to enhance its design. Aluminium and teak are an unprecedented classic – smart and sophisticated.

Weather-resistant textiline emphasizes the lightness of the fabric while guaranteeing a comfortable seating area. Our aluminium-framed tables can feature different tops, from tempered glass to ceramic.

teak

Teak is pre-eminently the most suitable species of wood for outdoor furniture, which will easily fit into any garden or patio – modern, rustic, oriental ... Jati & Kebon uses only carefully selected woods to make the first-class furniture that lasts a lifetime. Our premium teak collection is unmatched in quality and versatility.

ceramics

Ceramic table tops have the looks of marble but without the hassle. The high technical performance and a slim thickness make these surfaces the ideal solution for the production of tables large and small. Ceramic has that beautiful matte look yet it still stands strong. Compared to metal, it's even less prone to scratches so you can leave your keys on the table without issue.

HPL

HPL is short for 'High Pressure Laminate'. It consists of a wood-fibre core and 2 top layers that are laminated together under high pressure and high temperature. This results in a very dense and rock-solid top that withstands sunlight and moisture, making it the perfect material for outdoor use.

texteline

Texteline is a high strength polyester with PVC compound. It is often used in outdoor and garden furniture due to its UV resistance, comfort and ease of cleaning.

batyline

Batyline is a flexible, innovative fabric with a unique touch and stylish design, for an optimal sitting comfort and ideal for sling outdoor furniture.

rope

Our 100% non-toxic polyolefin fibre: the 3,5mm thick round rope and 14 mm thick flat rope is created for indoor as well as outdoor use.

Like no other synthetic or natural fibre, it's resistant to fungus, bacteria, sunlight, humidity, chlorine, food stains and sweat. It's extremely lightweight, washable, environmentally friendly and fully recyclable.

socks

The socks material consists of an olefin fabric, that is perfectly suitable for worry-free lounging in the sun. Our socks are filled with Quikdry materials for a cushiony feeling and extra comfort.

sunbrella

When you think of hassle-free and luxurious seating comfort, think of Sunbrella.

Sunbrella fabric is the undisputed quality standard for outdoor use. It has earned this status thanks to its many advantages; it is water repellent, resistant to mold and mildew and very easy to clean.

It speaks for itself that these beautiful fabrics are further enhanced by using EZYDRY fillings on the inside.

exteria

Soft fabrics and comfortable cushions make your seating experience complete. Exteria outdoor fabric is made to withstand the elements of nature and last for years, making it the perfect choice for your outdoor furniture.

We made the fabric colours collection with our furniture in mind, making it easy for you to mix and match any way you like it. The Exteria fabrics are a collaboration between the best Italian yarn and famous Belgian weaving arts

CARE & CLEANING

Jati & Kebon uses carefully selected materials, to ensure maximum resistance over time. Outdoor materials are more exposed to various forces from nature. It's important to take care of your outdoor furniture regularly. Cleaning and protecting your furniture seasonally will increase its lifespan for sure.

What tool to use?

In general: avoid harsh treatments. Avoid using any abrasive products or tools on materials like aluminium, ceramic and synthetic materials, as these can cause scratches. We recommend Jati & Kebon soft scrubbing pads; suitable for cleaning every surface.

Do not power-wash or use chlorine bleach, oils, and avoid abrasive cleansers. Test new solutions on a hidden area.

After cleaning use the application cloths to apply an outdoor furniture protector.

TEAK cleaner & protector

If teak remains untreated, this silver-grey patina deteriorates to a dark-grey and greenish.

A transparent protector makes the wood water- & dirt repellent and helps to prevent stains while keeping the natural look.

Apply a non-hazardous teak cleaner to clean and restore discoloured, dark grey teak and hardwood. Use the appropriate tools and avoid using a hard brush to clean your teak furniture.

FABRICS & ROPE cleaner & protector

The best and simplest way to preserve the beauty, comfort and performance of fabrics is by brushing off any dirt before it gets entrenched, as well as by cleaning up any spills or stains with soap and water shortly after they occur when they are easiest to remove.

We recommend our Fabrics & Rope Cleaner.

Jati & Kebon Furniture's cushion covers and fillings are made to dry easily and properly with improved water draining, making them develop less mildew and moulds.

You can keep your fabrics looking better for longer when you regularly give them a treatment with a Fabric Protector.

MULTISURFACE cleaner & protector

Jati & Kebon aluminium furniture is protected by a high-quality, water-repellent powder coating. The resulting finish is knock and scratch resistant, impregnable to moisture, highly resistant to corrosion and easy to clean.

Make sure to handle the furniture with care, avoiding scratches and dents that could damage the coating, making your furniture more vulnerable to the elements. Also watch out for corrosive liquids like sunscreen and cosmetics.

It's recommended to further improve the resistance by applying an extra layer of protection with the Multisurface Protector.

A photograph of an outdoor patio area. In the foreground, there are several round, dark-colored tables with matching chairs. The chairs have a woven backrest and are equipped with orange cushions and grey seats. The tables are set on a light-colored wooden deck. In the background, a modern building with large glass windows and dark frames is visible. The glass reflects the surrounding greenery and sky. The text "Your project our destination" is written in a white, cursive font across the middle of the image.

Exactly how would you define the identity of your hotel?
And how do you represent this identity to your guests?

You want to communicate a level of luxury and comfort, a certain look and feel, and the way in which you embrace cultural and environmental surroundings. While it's vital to include all this in your interior decoration, you shouldn't overlook the importance of the outdoor areas.

Are clean lines and sleek, contemporary designs best suited for your outdoor spaces? Or would rustic beauty and charming detail emphasise the splendour of your gardens?

Jati&Kebon's outdoor furniture is tailored to your unique style and identity while highlighting the distinctive features of your garden and outdoor space.

Whether you are looking for lounges for poolside relaxation, lounge suites for rooftop terraces or fashionable dining tables that demand delicious meals and jubilant conversation, we are happy to draft a proposal tailored to you, your unique identity and the expectations of your clientele.

As we manage every step of our furniture production ourselves, we are capable to provide high-quality at attractive prices. Every piece is made from strong, robust materials such as aluminium, teak, and wicker. Reliable yet lightweight, they are easy to move around. We select our fabrics and colours carefully, to ensure they withstand various weather conditions while staying immaculate for years.

All this is true because we build our furniture from experience. Since originating in Belgium 25 years ago, Jati&Kebon's commitment to innovation, and readiness to design and tailor furniture to client needs, allowed us to travel around the globe. Every challenge is an opportunity to excel. Every commission an occasion to convey the innate beauty of an environment and identity for all to see.

Make sure your guests recognise yours.
