aluminium

Aluminium garden furniture by Jati & Kebon is light, robust and corrosion-resistant. It is made with high-quality materials and cutting-edge technologies.

Aluminium furniture is often combined with other materials to enhance its design. Aluminium and teak are an unprecedented classic – smart and sophisticated.

Weather-resistant texteline emphasizes the lightness of the fabric while guaranteeing a comfortable seating area. Our aluminium-framed tables can feature different tops, from tempered glass to ceramic.

teak

Teak is pre-eminently the most suitable species of wood for outdoor furniture, which will easily fit into any garden or patio – modern, rustic, oriental ... Jati & Kebon uses only carefully selected woods to make the first-class furniture that lasts a lifetime. Our premium teak collection is unmatched in quality and versatility.

ceramics

Ceramic table tops have the looks of marble but without the hassle. The high technical performance and a slim thickness make these surfaces the ideal solution for the production of tables large and small. Ceramic has that beautiful matte look yet it still stands strong. Compared to metal, it's even less prone to scratches so you can leave your keys on the table without issue.

HPL

HPL is short for 'High Pressure Laminate'. It consists of a wood-fibre core and 2 top layers that are laminated together under high pressure and high temperature. This results in a very dense and rock-solid top that withstands sunlight and moisture, making it the perfect material for outdoor use.

texteline

Texteline is a high strength polyester with PVC compound. It is often used in outdoor and garden furniture due to its UV resistance, comfort and ease of cleaning.

rope

Our 100% non-toxic Italian polyolefin fibre: the 3,5mm thick round rope and 14 mm thick flat rope is created for indoor as well as outdoor use.

Like no other synthetic or natural fibre, it's resistant to fungus, bacteria, sunlight, humidity, chlorine, food stains and sweat. It's extremely lightweight, washable, environmentally friendly and fully recyclable.

our 100% weatherproof fabrics

mildew-resistant

sun-resistant

easy to maintain and
extremely wear-resistant

water-repellant

stain-resistant and
even bleach-resistant

high durability

socks

The socks material consists of an olefin fabric, that is perfectly suitable for worry-free lounging in the sun. Our socks are filled with Quickdry materials for a cushiony feeling and extra comfort.

sunbrella

When you think of hassle-free and luxurious seating comfort, think of Sunbrella.

Sunbrella fabric is the undisputed quality standard for outdoor use. It has earned this status thanks to its many advantages; it is water repellent, resistant to mold and mildew and very easy to clean.

It speaks for itself that these beautiful fabrics are further enhanced by using EZYDRY fillings on the inside.

exteria

Soft fabrics and comfortable cushions make your seating experience complete. Exteria outdoor fabric is made to withstand the elements of nature and last for years, making it the perfect choice for your outdoor furniture.

We made the fabric colours collection with our furniture in mind, making it easy for you to mix and match any way you like it. The Exteria fabrics are a collaboration between the best Italian yarn and famous Belgian weaving arts

FANO

The Fano lounge set is the perfect solution for the laziest of moments. The seats are low and the cushions soft so you can sink into your chair for the ultimate relaxation. The aluminium framework is available in a mat charcoal or mat white. The Sunbrella and exterior cushions are filled with Ezydry materials for the perfect all-weather resistance. Thanks to the teak or ceramic inlays in both corners and side table, Fano proves that laziness and class can go side by side.

VIGO XL

With Vigo XL, we created a lounge set that reverts back to our basic necessities. The simple but sturdy aluminium framework is available in mat charcoal or mat white. Through the stylish linework in the cushions, Vigo XL plays with the balance between classic and modern. It goes without saying that the cushions are Sunbrella and Exteria fabric, and filled with Ezydry materials, so that sun nor rain will influence your comfort. Its appearance is youthful and minimalistic, but luxury cushions provide Vigo with the comfort of a lounge sofa. Its appearance is youthful and minimalistic, but luxury and extra deep cushions provide Vigo XL with the comfort of a high-end lounge sofa.

SKATE

Designer Mathias Deferm is the most qualified to describe his SKATE collection: "I was on a quest for the ultimate seating shape, that leaves the lounge unaware of its frame. The skateboard-inspired round and curled-up sides create grace and exceptional comfort. I added an elegant and stackable frame to support the seat and back, which is available in A-grade teak or aluminium. Every material is easily separated and recycled after use. Stacked, the chairs take up less space, to reduce the ecological impact during transportation."

A modern outdoor lounge set is featured in a garden setting. The set includes a sofa and two armchairs with light-colored cushions and a dark, textured fabric. A woman is sitting on the sofa, looking towards the right. In front of the sofa is a round coffee table with a white frame and a dark top. The garden has white walls, various plants, and a large tree in the background. The scene is lit with warm, ambient lighting.

FORTUNA rope

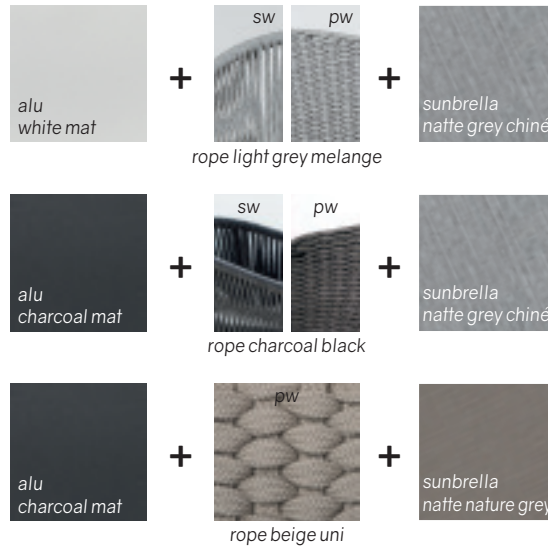

The Fortuna Rope Outdoor set is specifically designed for perfectionist loungers who consider comfort a must. Together, the round shapes and Italian rope create a sophisticated appearance, while the Sunbrella weather protection continually keeps the seats in perfect shape.

Cushions in sooty are optional.

KAPRA

Our Kapra collection is the newest addition to the lounge range and it is stunning. The combination of round aluminium lines combined with the rope in cross-weaving result in a truly unique look. The seating comfort is guaranteed with our premium all-weather cushions made of Sunbrella or Exteria fabric.

A photograph of an outdoor patio area. In the foreground, there are several square black tables with matching black chairs that have orange cushions. The patio is paved with light-colored stone tiles. In the background, there is a modern building with large glass windows and a dark frame. The building's reflection is visible in the glass. To the left of the building, there is a lush green garden with various trees and shrubs. The sky is blue with some clouds.

*Your project
our destination*

Greece

Exactly how would you define the identity of your hotel?
And how do you represent this identity to your guests?

You want to communicate a level of luxury and comfort, a certain look and feel, and the way in which you embrace cultural and environmental surroundings. While it's vital to include all this in your interior decoration, you shouldn't overlook the importance of the outdoor areas.

Are clean lines and sleek, contemporary designs best suited for your outdoor spaces? Or would rustic beauty and charming detail emphasise the splendour of your gardens?

Jati&Kebon's outdoor furniture is tailored to your unique style and identity while highlighting the distinctive features of your garden and outdoor space.

Whether you are looking for lounges for poolside relaxation, lounge suites for rooftop terraces or fashionable dining tables that demand delicious meals and jubilant conversation, we are happy to draft a proposal tailored to you, your unique identity and the expectations of your clientele.

As we manage every step of our furniture production ourselves, we are capable to provide high-quality at attractive prices. Every piece is made from strong, robust materials such as aluminium, teak, and wicker. Reliable yet lightweight, they are easy to move around. We select our fabrics and colours carefully, to ensure they withstand various weather conditions while staying immaculate for years.

All this is true because we build our furniture from experience. Since originating in Belgium 25 years ago, Jati&Kebon's commitment to innovation, and readiness to design and tailor furniture to client needs, allowed us to travel around the globe. Every challenge is an opportunity to excel. Every commission an occasion to convey the innate beauty of an environment and identity for all to see.

Make sure your guests recognise yours.
