Ceramics

Care instructions | Ceramics has no special maintenance requirements. To clean the table top surface use warm water and a neutral detergent. For persistent stains, you may use normal household detergents, including products to eliminate grease or lime scale.

HPL

Care instructions | Clean the table top surface with pure warm water or a solution of warm water and mild soap using a soft sponge or cloth. If stains cannot be removed use common household cleaners without abrasives. For persistent stains, you may use organic solvents such as acetone or alcohol or liquid cleaners with polishing chalk but only occasionally. Remember to wash the surface with pure water in the end to avoid any residue of detergents.

Fabrics

Valid for all fabrics manufacturers (Crevin, Kvadrat, Laminam)

Care instructions | Use soap and water for cleaning stains. Upholstery can be machine-washed at 30° using a mild laundry detergent and a gentle cycle.

Outdoor rugs

Care instructions | Rugs can be cleaned with vacuum cleaner without brushes. For a more thorough cleaning use solution of cold water and a mild soap. Avoid the use of abrasive brushes, bleaching agents or solvents, professional dry cleaning and high pressure washers.

Batyline

Spray Serge Ferrari for Batyline® (500ml)

Code: CL-SF

Price: 85 EUR

Care instructions | Spray the cleaner on the surface, leave for 2 to 3 minutes, use a soft brittle brush and brush the surface repeatedly in a circular motion. Let stand for one minute and wash with plenty of water to avoid residue drying on the surface and let dry or wipe with a dry cloth.

Colour options

Fabrics | Category A (sofas and cushions)

Crevin Vita is a unique upholstery fabric for joint indoor outdoor use. It has a homely and natural appearance and can be easily cleaned by domestic machine-wash. It is finished with stain repellence.

Fabrics | Category B (sofas and cushions)

Crevin Bora Bora is a heavy weight and robust fabric that strongly resembles sisal and raffia rugs. It feels like a hand-woven fabric with a crafted, artisanal quality. It can be easily cleaned.

IMPORTANT:

Extra anti-corrosion treatment of stainless steel:

When placing furniture in location close to the **sea shore or covered chlored swimming pools** an extra anti-corrosion treatment is recommended. The high level of salt reduces the resistance to corrosion of stainless steel. Disregard of this recommendation voids the guarantee. **Extra anti-corrosion treatment supplement is +10%. Only needed for brushed stainless steel. This treatment is not needed for powdercoated stainless steel or aluminium.**
