Colour options

Powder coated aluminium/stainless steel for frames

100% polyester powder coating.

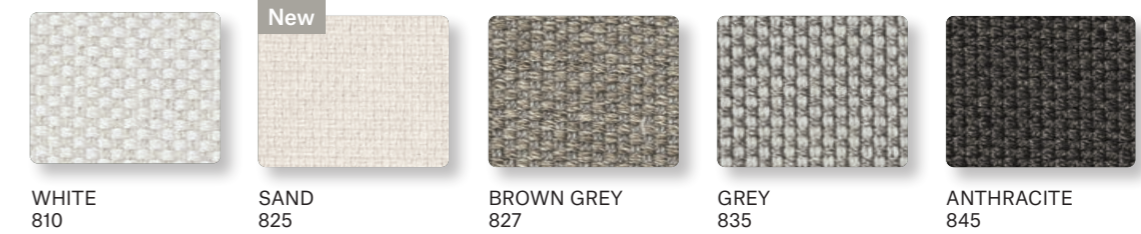

Fabrics | Category A (sofas and cushions)

Crevin Vita is a unique upholstery fabric for joint indoor outdoor use. It has a homely and natural appearance and can be easily cleaned by domestic machine-wash. It is finished with stain repellence.

Fabrics | Category B (sofas and cushions)

Crevin Bora Bora is a heavy weight and robust fabric that strongly resembles sisal and raffia rugs. It feels like a hand-woven fabric with a crafted, artisanal quality. It can be easily cleaned.

Limonta New Hubble

Limonta GUN

Fabrics | Category C (deco cushions, chair cushions or sunlounger cushions)

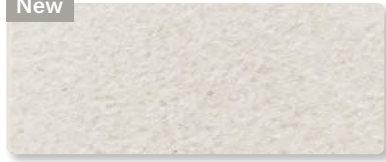

Kvadrat Patio apart from its excellent technical features, also stands out for its soft touch. It has a subtle structure, which combines two coloured yarns in the warp and one in the weft. It features a fluorocarbon-free, environmentally-focused finish, which is water-repellent and fast-drying.

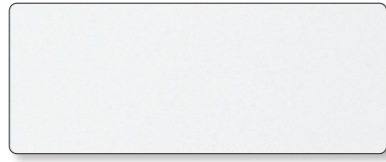

Ceramic for table tops

Ceramic is a 100% natural product. It does not contain any organic pigments and is thus resistant to UV rays, so it's perfectly colour stable. Ceramic as a material is highly abrasion resistant.

WARRANTY 5 YEARS

MANUFACTURED IN EUROPE / ALL MATERIALS FROM EUROPE

IMPORTANT:

Extra anti-corrosion treatment of stainless steel:

When placing furniture in location close to the **sea shore or covered chlored swimming pools** an extra anti-corrosion treatment is recommended. The high level of salt reduces the resistance to corrosion of stainless steel. Disregard of this recommendation voids the guarantee. **Extra anti-corrosion treatment supplement is +10%. Only needed for brushed stainless steel. This treatment is not needed for powdercoated stainless steel or aluminium.**
